On 28th November, Admiral Group welcomed the First Minister of Wales, Eluned Morgan MS, to its Cardiff headquarters, Ty Admiral.

As the only FTSE100 company based in Wales, the visit was an opportunity to strengthen the relationship between the Group and the Welsh Government.

The First Minister received a tour of its office with the Group Chief Financial Officer (CFO), Geraint Jones, and she spoke with customer-facing colleagues who shared their experience of supporting Admiral's growing customer base and their views on why it continues to be recognised as a Great Place to Work.

As one of the largest private employers in Wales, Admiral is proud of its contribution to local growth and development. In a meeting with the Minister, the Group's CFO outlined the ways that they are helping customers, colleagues and communities to look after their future and discussed how they could collaborate to deliver further growth in Wales and in the wider insurance industry.
